

Child Find Notice

Child find is a component of Individuals with Disabilities Act (IDEA) and is an ongoing process of locating, identifying, and evaluating children who may need special education and related services. All children with disabilities, residing in Stuart Public School District, whether attending public or private schools, should be identified, located and evaluated. This service is provided to children with suspected disabilities, free of charge. If you would like more information on Child Find, contact Stuart Public Schools, Department of Special Education, (918) 546-2627.

This notice is to inform parents of the child identification location, screening and evaluation activities to be conducted by Stuart Public Schools.

If you have preschool children ages 3-5 who are suspected of having disabilities which may require special education and related services you should contact the Special Services Department of Stuart Public Schools. Appropriate screenings can be scheduled to determine if an evaluation is needed to determine eligibility for services.

For children enrolled in k-12, referral for screening and evaluation should be initiated through the Special Education Director.
